

All-In-One Electric Coil Punch & Inserter

**Punches
20 Sheets
Per Lift!**

All Electric Operation

Powerful punch motor & full-size coil inserting roller will greatly improve your binding efficiency, while saving time & money.

Includes Foot Pedal Switch

Allows the free use of both hands, granting the operator complete control of punching & inserting, greatly reducing errors & mis-alignments. A manual push button for punching is also available.

Fully Disengageable Pins

Each punching pin can be individually pulled & disengaged, for a clean & professional punch for multiple paper sizes.

Free Crimper & Crimper Holder

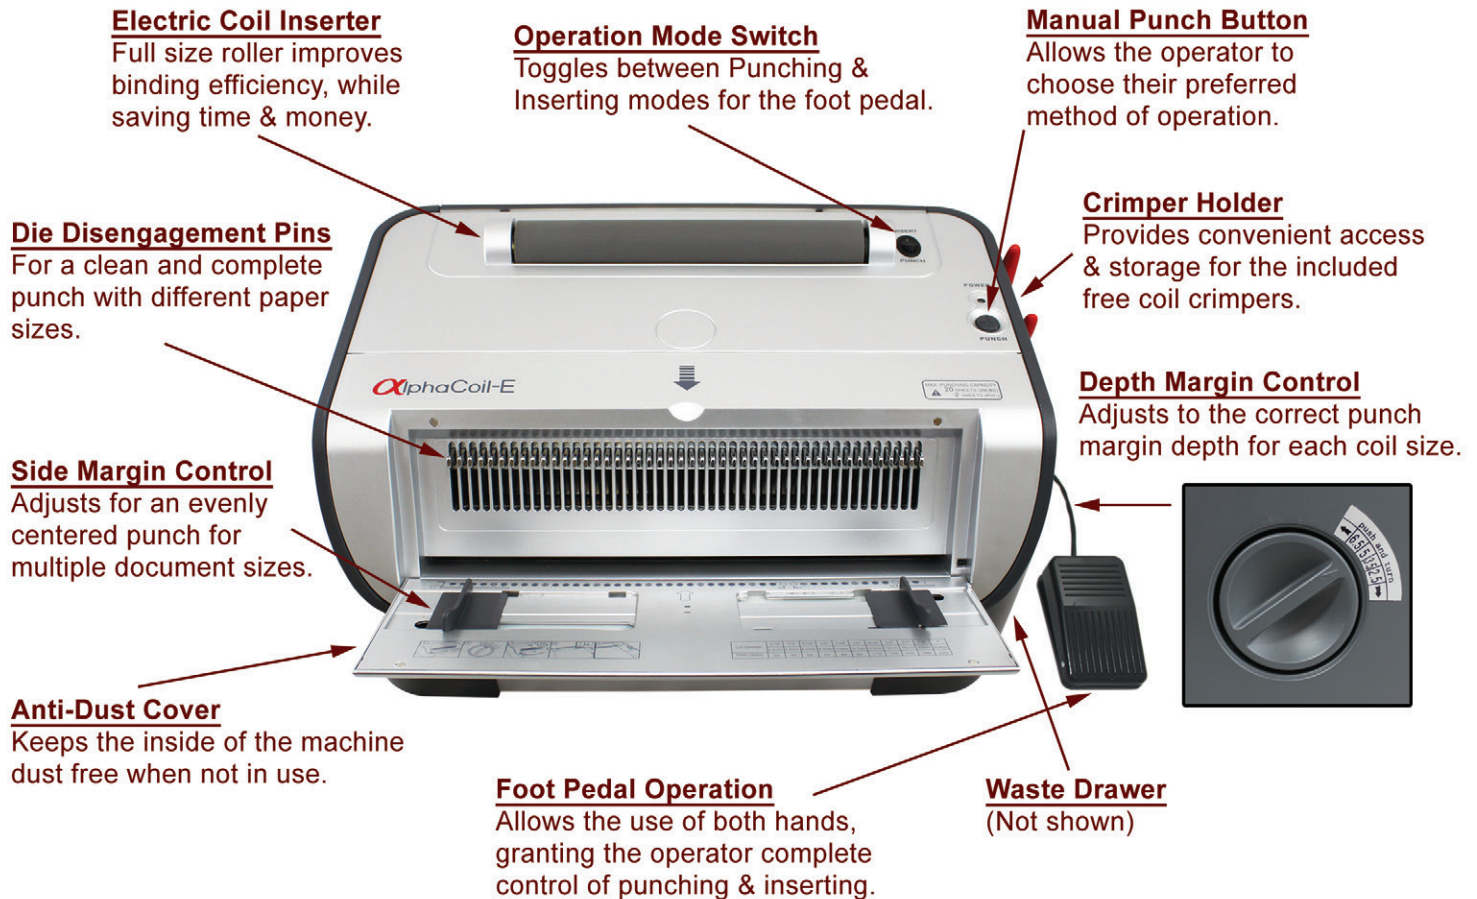

Each machine includes a premium coil crimper & built-in crimper holder for easy access & storage.
