

GBC Ultima 55 Thermal Roll Laminator, 27" Maximum Width, 10 Minute Warm-Up

The GBC Ultima 55 Thermal Roll Laminator has a wide width and EZ Load film-loading system, making it perfect for any school or office.

1710755EZ

Product Description

The GBC Ultima 55 makes it easy to preserve your printed teaching tools. With our color-coded, EZ Load system, you can quickly switch films rolls between lessons, while the wide laminating width lets you laminate large posters and banners.

Features

- The wide, 27" laminating width is perfect for schools with heavy laminating needs
- Laminator warms up in less than 10 minutes
- Compatible only with EZ Load Gray Cap NAP I Film, sold separately
- Features front and back stop buttons, a built-in trimmer and a footage counter
- Alignment guides help keep documents straight, while the slow forward and reverse function helps remove jams
- Machine enters standby mode after 2 hour of inactivity and auto shuts off after 3 hours of inactivity
